Mr. Abdur Rahman
General Manager
Indus Valley Construction Co., Ltd.
18-G Gulberg III
LAHORE

Dear Mr. Rahman:

Your final core drilling invoice is being processed and I expect we will be able to pay it within the next few days. Included in this payment will be the bonus Indus Valley earned due to completing the work ahead of schedule.

I would like to congratulate your organization on its efficiency and performance, without which a proper evaluation of the feasibility of developing the Daud Khel gypsum deposit would not have been possible. Considering that the Joint Venture was forced to reduce the completion schedule from 60 to 45 days, Indus Valley's bettering this schedule deserves all praise and credit. I would not have any hesitation in recommending your firm for core drilling to any organization requiring that work.

Thank you for your cooperation under very difficult constraints. I wish you all the best in your future ventures.

Very truly yours,

(ROBERT S. COLDWELL)
PROJECT MANAGER
